

# Beautiful Receptions For Your Convenience

*A time to gather with family and friends*

Newcomer is pleased to offer our Garden Room at no additional cost to families when you choose to include a reception or gathering during your visitation, funeral service or memorial service.

Families provide their own refreshments or

catering, including food & beverage, plates, napkins, silverware and cups.

In addition to the space, we provide coffee and coffee cups along with an area for cold items. At the end of your service, our staff is available to help you gather any leftover food & beverage and transport those items to your vehicle.

If you need assistance with refreshments or catering, we will be pleased to help you select local catering providers that best meet your needs.
